

STRIKE OF CHICAGO RAIL WORKERS IS SPREADING FAST

Twenty Five Rail-
roads Affected by
Walkout

50,000 MEN
OUT OF WORK

BULLETIN.
CHICAGO, Ill., April 8.—The majority of the night switching crew of the Wabash railroad in Chicago, walked out early this morning in a sympathetic strike with the Chicago strikers.

They refused to handle trains made up in Chicago, or to make up trains bound to Chicago from this point.

About fifty men are affected.

BULLETIN.
KANSAS CITY, Mo., April 7.—All switching crews in the Kansas City Southern yards here and part of those in the Wabash yards struck tonight in sympathy with the Chicago strike.

Wabash switchmen who left their work said members of the late night shift, would not appear for work.

BULLETIN.
KANSAS CITY, Mo., April 7.—Three hundred switchmen representing every railroad that enters Kansas City, met tonight and unanimously decided to strike at 7 o'clock tomorrow morning. It was announced late tonight. Committees were named to notify the remaining members of the brotherhood of Railway switchmen, numbering 4,000, of the decision to strike.

No officers of the brotherhood were present.

BULLETIN.
BUFFALO, N. Y., April 7.—An embargo on all freight entering, leaving or passing through Buffalo was announced late tonight after a conference of officials of the seven railroads whose yards were tied up today by a strike of switchmen. Milk shipments into the city will be continued and passenger service will be maintained as far as possible it was said after the meeting.

BULLETIN.
CHICAGO, April 7.—An unauthorized strike of railroad employees which started a week ago in the Chicago switching district by the discharge of a yard conductor, tonight had spread until it had affected 25 railroads and in Chicago had thrown more than 50,000 men out of work, directly or indirectly.

More than 10,000 union railroad men in Chicago and several hundred at Buffalo and at Chicago, Ill., were on strike. Many hundreds of men in Chicago packing houses were thrown out of work for lack of livestock.

Two "outlaw" organizations, branded by the established brotherhoods as "rump" unions had sprung up to challenge the right of the labor heads to lead their men.

In the face of this opposition from within the brotherhoods of engineers, railway trainmen, men and engineers and the switchmen's union of North America, pledged their support to railroad officers in breaking the walkout, and to that end union railroad men thrust the country have been urged to report to Chicago to serve as strike-breakers.

Managers of 25 railroads in the Chicago terminal today agreed to give brotherhood officers at least another day in which to restore normal conditions, and thru their spokesmen declared themselves confident that the unions would succeed.

Some union leaders voiced the same confidence, but others declared the strike fever was "in the air" that even the most conservative men were quitting work, and that the task of keeping the trains moving appeared difficult.

Wide differences of opinion existed as to how many men had joined the walkout.

Charles Riley, vice-president of the Chicago yardmen's association which called the original strike said 14,000 switchmen and 3,000 engineers were idle. Railroad officers and brotherhood heads said they had no figures on which to base counter claims.

Secretary Snyder of the Railroad Managers' association announced after a conference of railroad heads today that between 40 and 50 percent of normal freight traffic was being handled. Sufficient crews to operate about 300 locomotives had been recruited in the Chicago area, he said.

The Brotherhood of Engineers and the Brotherhood of Firemen and Enginemen entered into the struggle today as a result of the walkout of engineers and firemen in the Chicago & Northwestern and several other railroads.

The Brotherhood of Railway Trainmen declared in a statement that the railroads could not grant wage increases demanded by the strikers because the Cummins-ches transportation act prohibits increased compensation to employees without approval of the railroad board to be appointed by President Wilson. SIMS' CHARGES AND CRITICISMS ARE DENIED BY ADMIRAL RODMAN

Declares Navy Was Never in
Better Shape Than in the
Spring of 1917

WASHINGTON, April 7.—Testifying today at his own request before the senate committee investigating the Sims Daniels row, Admiral Rodman commander-in-chief of the Pacific fleet took direct issue with Admiral Sims' charges and criticisms.

Admiral Rodman denied categorically the charge that the navy entered the war without plans or policies; that it was unprepared to fight, or that it was a mistake to attempt to direct naval operations from Washington. The admiral said he appeared there with a sense of duty and to defend the good name of the navy, the work of which in the war he praised.

Admiral Rodman declared that never in his more than forty years of service had the fleet been in a better state of preparedness than in the spring of 1917. Some types of vessels were lacking, he conceded, but generally speaking, the navy "was ready to fight".

The charge that the navy entered the war without plans or well defined policies was not correct, Admiral Rodman testified, adding that experience on the general board had given him opportunity to help prepare such plans, and that the only plan of the United States into the war. These plans were later modified to meet existing conditions, he said.

The charge that the navy department should not have attempted to conduct operations from a point 3,000 miles from the war zone was denied by Admiral Rodman, who declared that the navy was in a "fight" and won in London, and that the only plan for the direction and administration of the navy's policy was in Washington.

The admiral added that he thought there had been an evident effort to discredit the navy and his impression was that Admiral Sims sought to give the impression that he had most of the responsibility for the running of the navy and that the navy department "fell down on the job because it did not follow his advice."

On cross-examination Admiral Rodman said that the only recommendation he had to make to strengthen the organization of the navy department was the suggestion that the chief of naval operations be given full authority and entire responsibility.

**JOHNSON MAINTAINS
LEAD IN MICHIGAN**

DETROIT, Mich., April 7.—Today's returns failed to change the standing of any of the candidates in Monday's presidential primary or add much to the total which placed Senator Hiram W. Johnson in the lead on the Republican ticket and gave Herbert Hoover a 4,400 lead over Governor Edward I. Edwards of New Jersey for Democratic endorsement.

The six hundred precincts yet to report are largely in sparsely settled rural districts and probably will not be heard from until the official canvass which must be made within ten days after the election.

The latest figures available on the Republican candidates were: From 1,735 out of 2,421 precincts and gave:

Johnson, 128,816.
Wood, 83,942.
Lowden, 44,457.
Hoover, 43,800.
Pershing, 11,558.
Polinder, 2,017.

The Democratic vote tabulated from 1,472 precincts was:

Hoover, 17,662.
Edwards, 13,196.
McAdoo, 12,441.
Palmer, 9,833.

Former Governor Fred W. Warner was given a plurality in the incomplete report of 11,500 over his nearest opponent for the nomination for Republican national committeeman.

**CORONER'S JURY
EXONERATES MANNE**

CHICAGO, April 7.—Joseph Manne, 125 pound song writer, today was exonerated by a coroner's jury of guilt in connection with the death Tuesday of Travers Walsh, a soda water clerk whom he knocked down during a fight. Walsh died of a fractured skull.

Immediately after the jury returned its verdict, however, Manne was re-arrested on a police warrant charging murder.

According to witnesses, Walsh and his wife in the theater quarter and Walsh made a remark to Mrs. Manne which her husband declared was insulting.

A fight followed in which Manne knocked down Walsh and put his companions to rout. Walsh's companions testified today that they and Walsh were intoxicated.

LAPOLLETTE DELEGATES WIN

Milwaukee, Wis., April 7.—Returns from more than 300 precincts in about half of the counties of the state indicated tonight that delegates-at-large to the national Republican convention favorable to Senator Robert M. LaFollette were victorious in yesterday's delegate election. The delegates supported by Governor Philipp seemed on incomplete returns to have lost in all districts except possibly the first and the eleventh.

PLAN FINAL VOTE ON RESOLUTION DECLARING PEACE

Special Rule Provides
for Eleven Hours
Debate

MINORITY
REPORT GIVEN

WASHINGTON, April 7.—Final determination was reached today by Republican leaders in the house to bring to a vote late Friday the resolution declaring the state of war with Germany at an end.

A special rule reported today by the rules committee provides for six hours debate on Thursday and five hours on Friday, after which opponents of the resolution may offer only a motion to reconsider.

Completion today of the minority report presenting views of Democratic members of the foreign affairs committee on the resolution cleared the way for the long debate. Representative Flood of Virginia presenting the minority, challenged the power of congress to bring the war legally to an end.

"From whatever angle this resolution is viewed," he continued, "it presents itself as a proposition not only ineffective in achieving its proclaimed purpose but as a sure method of confusing our foreign relations, injecting new and complicated questions into an already difficult situation and involving a surrender of American rights and an impairment of American prestige and honor."

The minority report took particular exception to the statement in the resolution's preamble that the president had informed congress the war was at an end.

"At no time and under circumstances has the president made any such assertion," the report said. "It is true that, on the signing of the armistice the president in the house of an address to congress to congress used the words 'the war thus comes to an end.' But he spoke of actual hostilities as every one knew, and not of the technical state of the war. It takes a treaty to end a war."

"The supreme court recently declared, that what the president has done did not announce the legal termination of the war."

The report declared, citing the decision in the Kentucky distilleries cases.

Representative Flood asserted that section of the resolution restricting trade with Germany or seeking to repeal war time legislation were within the power of congress but cited many authorities to sustain his contention that "so far as it seeks to direct the president to issue a proclamation to the German government, it trenches upon the treaty making powers and is not within the power of congress."

Discussing war legislation affected by the resolution the report said that such an enactment would give no relief from the burdens, inconveniences, extravagances and losses which come from the existence of this legislation.

"Congress has power to repeal it and should address itself to this task instead of frittering away its time attempting to pass unconstitutional legislation for the purpose of embarrassing the executive department of the government or for some other political purpose," the report added.

Regarding the section of the resolution requiring adherence by Germany to certain clauses of the treaty of Versailles, the report declared:

"It is astonishing that the congress should seriously consider the proposition that the country should seek protection of a treaty which it has not the courage to ratify. In this attempt it may cause embarrassment to America."

"We have refused to enter into any such obligations with our allies, and yet by this resolution we propose to give the benefits of those obligations to Germany."

**JUMP FROM BURNING
BUILDING, KILLED**

Seattle, Wash., April 7.—Two guests of the Hotel Lincoln were killed early today by jumping from upper story windows when the building was discovered to be on fire. Six persons were reported on fire. Six persons were reported on fire. Six persons were reported on fire.

The dead were Fred R. Hamilton, restaurant owner and an unidentified woman.

**CORNELL PLANS BIG
INTER-SCHOLASTIC MEET**

Ithaca, N. Y., April 7.—Invitations were extended by Cornell University today to more than 60 leading preparatory and high schools of the east and middle west to participate in the annual inter-scholastic meet here May 8.

Memphis, Tenn., April 7.—Pete Herman, bantam weight champion and Pal Moore of Memphis have been matched for a 15 round bout to a decision at Vancouver, B. C., May 3. It was announced here today.

CON CON BODY TAKES STEPS TO RUSH WORK

SPRINGFIELD, Ill., April 7.—Decision to discontinue public hearings on proposals and to hurry along toward completion of a final draft of a constitution was reached by chairman of committees of the Illinois constitutional convention today. The final public hearing will be held Wednesday, April 14 when Samuel Gompers, president of the American Federation of Labor, is expected to make a presentation of union labor's demands for constitutional guarantees and representative employers will present capital's views on the new basic law.

The committee chairman meeting with President Charles Woodward expressed sentiments favoring consideration of proposals by the various committees instead of holding lengthy public hearings in committee of the whole. Final reports of committee should be speedily prepared for consideration of the convention several chairmen declared.

The convention met as a committee of the whole today for a hearing on proposal number 232 drafted by organized leaders. A number of union officials spoke in rights of labor which should be guaranteed by the constitution.

The proposal, which was introduced by Delegate William J. Sneed, of Herrin, a mine union official would guarantee the right of workmen to organize in trade and labor unions, the right to speak thru representatives, the right of any workman to quit employment whether singly or in concert, the right to induce others to quit employment or refrain from working by peaceful persuasion, picketing or assemblage without interference by the courts and similar rights as to the payment of strike benefits.

A delegation of the Illinois manufacturers' association, headed by the president, William Nelson Pelouze of Chicago, and John M. Glenn, secretary of the association heard the arguments of the labor leaders.

Speakers in behalf of the labor proposal included A. W. Kerr of Springfield, attorney for the United Mine Workers of Illinois, Andrew Furest, president of the International Seamen Union; Matthew Woll, president of the Engravers Union; John H. Walker, president of the Illinois State Federation of Labor; Victor Clander, secretary of the state federation and C. E. Perkins, president of the cigarmakers union.

When the convention meets at 10 a. m. tomorrow final reports of the military affairs and suffrage committees will be offered for the consideration of the delegates.

**SENATE COMMITTEE
TAKES UP 1921 NAVAL
BUILDING PROGRAM**

\$39,000,000 Increase Over
House Appropriation is
Recommended

WASHINGTON, April 7.—After standing on the 1921 naval building program as authorized by the house, the senate naval affairs committee will recommend an increase of \$39,000,000 over house appropriations to \$124,500,000.

The senate committee which virtually completed the naval bill today also granted liberal increases for other naval enterprises, including an increase of nearly \$10,000,000 for naval aviation.

The largest single increase was \$11,700,000 for completing aviation tenders under construction at Hog Island for which material already has been fabricated.

To complete 1916 building program as decided by the house the senate committee raised the appropriations from \$48,000,000 to \$52,000,000.

Items of \$11,000,000 for torpedo boat construction and \$15,000,000 for armor plate were left unchanged.

In providing additional funds for naval aviation, senate committee increased the house item for naval aircraft from \$3,464,000 to \$6,500,000, and that for new aviation stations from \$1,257,000 to \$4,400,000.

Funds for experiments and developing all types of aircraft were increased from \$2,935,000 to \$3,700,000.

Other increases voted by the senate committee included:

Great Lakes Training Station \$500,000 to \$600,000 and for the naval reserve force \$50,000 to \$60,000.

**REVOLUTIONARY PLOT
NIPPED BY OFFICIALS**

EL PASO, Texas, April 7.—A widespread revolutionary plot fostered by agents in the United States to overthrow the present government in Mexico is being investigated by the grand jury in session here it became known today. Three alleged participants in the plot are in jail in this country where they were arrested by Mexican federal authorities at Mexicali, Lower California while attempting to smuggle munitions of war to the revolutionists.

The plot became known when United States authorities in the Big Bend district arrested Andres H. Villegas, a Mexican boy and Concepcion Perez, a young niece of Francisco Villa, when the pair attempted to cross from this country into Mexico.

BRITTON WINS FIGHT

Kenosha, Wis., April 7.—Jack Britton, claimant of the welterweight pugilistic championship, tonight outpointed Dennis O'Keefe of Chicago in a ten round bout.

**FLYER ARRESTED FOR
LOOPING THE LOOP**

Los Angeles, Cal., April 7.—What is believed to be the first warrant in this country charging reckless aerial driving was issued here today against Omar Locklear, former army aviator. The Aero Club of southern California appeared as complainant. The warrant charges Locklear with disturbing the peace by "tumultuous and offensive conduct" yesterday in looping the loop a few feet above the trees in a downtown public square.

CLEMENCEAU IMPROVING

Cairo, April 7.—Georges Clemenceau, former French premier, since his return from Luxor has been suffering from bronchitis but now is somewhat better.

CHICAGO ARTIST DIES

Chicago, April 7.—Walter H. Greene, 53 years old, an artist, son of the late Judge Henry S. Greene of Springfield, Ill., died today.

**EXPLOSION IN ROOMING
HOUSE KILLS THIRTY-TWO**

PONCA CITY, Okla., April 8.—Thirty-two persons sleeping in the Newnort Rooming House are thought to have been killed by an explosion which occurred at 12:30 o'clock this (Thursday) morning believed to have been due to an accumulation of gas. The explosion occurred in the Ferndale Restaurant, owned by Roy Stanley.

The explosion wrecked nearly the entire block and persons on Main street after the explosion were nearly suffocated by the gas.

George Milner, one of the roomers, was rescued from debris and taken to a hospital. He is believed to be fatally injured.

Those in the rooming house could not be accounted for at 2 o'clock this morning.

FOUR ARE KILLED, HUNDRED INJURED IN BIG EXPLOSION

Nitrator Plant of Aetna
Co. at Fayetteville
Wrecked

EXPLOSION IS
FELT FOR MILES

CAIRO, Ill., April 7.—Four persons were killed and approximately 100 injured, three probably fatally, in an explosion late today at the plant of the Aetna Explosive company at Fayetteville, near here.

The explosion occurred in out-buildings and the main plant was not damaged.

The dead are:

Wayne Yates, Pete Howard, Edward Ramsey and George Sullivan, all of whom were employed at the plant as laborers. The cause of the explosion is unknown.

The three men believed to have been fatally injured were brought to Cairo and taken to a hospital. The remainder of the injured were struck by falling glass, every window in the village being shattered by the force of the explosion.

The explosion occurred in the nitrator plant which is used to store nitroglycerin. The four men who were killed were in the building that was wrecked. But two men are employed in the nitrator plant on each shift and the explosion occurred just at the time the shifts were changing. No traces of the bodies had been found tonight. A deep hole in the ground, partly filled with debris marks the site of the plant.

The three men who are thought to have been fatally injured were in a nearby mixer house which was also wrecked.

The force of the explosion was felt for miles around.

Superintendent C. P. Messersmith, stated tonight that the cause of the explosion probably would remain undetermined. He was unable to estimate the property loss.

Fayetteville is about twenty-three miles north of Cairo on the Mississippi river.

**PICKETERS MOVE TO
STATE DEPARTMENT**

Washington, April 7.—Bearing banners inscribed with quotations said to be taken from a recent speech by Secretary Colby, the Irish picketers today transferred their activities from the British embassy to the state department.

During the busiest hour of the afternoon, the picketers bore banners with the quoted inscriptions:

"There is not a scintilla of legality in England's claim to rule Ireland."

"The death of martyrs has called into existence millions of Irish by principle."

"I cannot stand by mute and passionless while these votive offerings are laid upon the altar of patriotism."

The banner bearer said the statements attributed to Secretary Colby were taken from his address at Carnegie Hall, New York, May 14, 1916.

**HUGHES WILL DEFEND
MINERS' OFFICIALS**

New York, April 7.—Charles E. Hughes has been retained by the United Mine Workers of America as chief counsel to defend the 43 union officials under federal indictment in Indiana on charges of conspiring to raise coal prices. This announcement was made late today by John L. Lewis international president of the union.

Lewis said that Mr. Hughes would have complete charge of the case and would be assisted by the entire legal staff of the United Mine Workers' organization. The indictments are returnable at Indianapolis May 4. At that time, all the indicted union officials will appear and will enter pleas of not guilty.

**FORCED TO USE
OIL FOR FUEL**

AURORA, Ill., April 7.—The coal shortage has become so acute the Western United Gas and Electric Co., which supplies 63 cities and villages in northern Illinois with gas has been forced to make the fuel from oil. The product is known as carbureted gas.

The coal situation is worse now than at any time since the strike, William Wilett, manager of the gas company said today. It is impossible, he said, to get cars. The gas company owns a mine in West Virginia, but cannot get cars to ship its coal.

UNIVERSAL MILITARY TRAINING OPPONENTS OPEN FIGHT IN SENATE

Indications Point to Defeat
of Measure When Final
Vote is Taken

Washington, April 7.—The big fight against universal military training opened late today in the senate with indications that the final vote, probably tomorrow, would result in its rejection.

Leaders on both sides who informally canvassed the senate vote, refused to comment on the probable outcome. It was said, however, that forty Democrats and thirteen Republicans were against the training plan. In this situation a movement was begun to the substitution of a program of voluntary training.

There was sharp debate today on the training scheme, which was commended and condemned, but the sum total of action was the decision to postpone from 1920 to 1921 when the plan would be put into effect.

Senator Wadsworth, Republican of New York, in charge of the bill declared the regular army would never be sent into battle to defend this country. Urging adoption of the training plan, he contended the senate bill including the training scheme, would cause an annual maximum expenditure of \$700,000,000 or "but one twentieth as much spent for the army alone during eighteen months of the world war."

Citing instances of untrained Americans being sent into battle, Senator Wadsworth asserted it was an "indictment against America" to ask such men to fight.

Senator Pomerene, Democrat, Ohio, opposing immediate adoption of the plan because of the expense declared the tragedy of untrained men being sent into battle was not due so much to unpreparedness as to the negligence of officers who sent them into the fight.

Attacks on the training provision also were made by Senators Nelson, Republican, Minnesota and Smith, Democrat, Arizona.

The force of the explosion was felt for miles around.

FRENCH PREMIER EXPLAINS POLICY TOWARD GERMANY

Delivers Note to Ger-
man Charge Wil-
helm von Mayer

ALLIES MAKE
NO COMMENT

WASHINGTON, April 7.—(By Associated Press.)—A private telegram message which reached Berlin late today reports a serious clash between colored French troops and crowds of civilians in front of the main postoffice in Frankfurt.

The troops are said to have been annoyed by the crowds, which continuously jeered at them, whereupon they opened fire killing seven persons and wounding many others, including women and children.

The message said the feeling of resentment among the civilian population was visibly increasing as a result of the incident.

Paris, April 7.—Premier Millerand at the conference of ambassadors this evening explained the French attitude toward Germany. He reviewed the events that led up to the occupation of Frankfurt and the other German cities.

The premier made no reference to France's future policy beyond reiterating that the occupied cities would be evacuated as soon as the German troops were completely withdrawn from the Ruhr district.

The Earl of Derby, British ambassador to France; Hugh C. Wallace, the American ambassador, and Baron Matsui, the Japanese ambassador, were present at the conference as was also the Italian ambassador. None of them made any remarks which might be construed as either approving or disapproving the French attitude on behalf of the governments they represent.

Paris, April 7.—(By The Associated Press.)—A note prepared by Premier Millerand was read to the ambassadors today and then delivered to the German charge, Wilhelm von Mayer, in which the premier declared that France had taken great care to inform and consult with the allies before occupying the Rhine cities. The note took up the subject of the Ruhr.

"Before occupying Frankfurt, Darmstadt and other cities," the French government took great care, as it was bound to do, to inform and consult with the allies.

"France was forced to act when faced not only by direct violation of the general stipulations of the Versailles treaty concerning all points of geographical Germany, but also by the failure of Germany to keep the promise given to him personally by a representative of the German government in conversations which were engaged in at the request of the latter."

"On March 28, the French premier declared that France still awaited the beginning of the realization of the most urgent reparations could not delay indefinitely making decisions which were imperative."

"On March 28, Dr. Goepfert informed the French government that the German government had not considered in any way the possibility of sending additional troops to the Ruhr valley without the authorization of the French government."

"On April 2, Premier Millerand confirmed to the German charge d'affaires the decision that the French government could not

Secretary Houston says any increase in the present government indebtedness would create a grave financial situation; yet he favors permitting the allies to postpone payment of their interest obligations for three years or more. That means denying the treasury \$500,000,000 a year to which it is rightfully entitled, and means adding that amount temporarily at least, to the national debt.

THE GROWTH OF A BUSINESS

It is not surprising that the Chicago Telephone Co. has been compelled because of the acute housing conditions to arrange a large rooming house of its own for employees. That is not surprising to know of this project when one considers the growth of the telephone industry in the great city. Just twenty-one years ago one out of every 115 inhabitants had a telephone and now there is a phone for one in every group of five persons. This development is the more wonderful when the vast increase in population during that same period is remembered.

MUCH DISCUSSED TOPICS

That the automobile congestion problem and the zoning system are topics of discussion the country over is clearly indicated by the fact that these two topics will have a prominent place on the program of the national city planning conference which is to be held in Cincinnati this month. These problems have been considered for years in the larger cities and just about the time that they seem happily settled in comes such increases in traffic that the solutions no longer solve.

Locally the new traffic ordinance will give some relief, but it carries with it a necessity for speedily providing additional parking space away from the square and principal business streets in order to extend the courtesy due to auto drivers.

Mr. Schwab is one of fourteen persons of national prominence whose names were made public today by the American Library Association as having accepted membership in the council. The council membership as it stands today includes leading educators and public spirited citizens whose war work won them signal recognition.

KEEP THE ELECTION IN MIND

The city bond election is still many days distant as it will be

held Tuesday, April 20. The people of Jacksonville are asked to authorize \$30,000 additional in bonds in order to provide for the completion of the light and power plants. It has been previously explained that the changing costs of materials and for labor has made it necessary to provide a larger amount of funds for these desirable betterments than it was originally intended to do.

Both plants have been curtailed as much as possible without disturbing their efficiency, but still the funds now available will not be sufficient. People generally have manifested that they are quite of one mind in desiring these betterments and there is no question but that favorable consideration will be given the proposed bond issue if the people understand the purposes and do not overlook the election date.

In this same election an alderman is to be named from each of the four wards. Because there are no contests there is a possibility that the vote will be light.

JUDGE OREAR A VAIUED CITIZEN

By the passing from us of an old veteran Jacksonville has lost a citizen who in his active days was a power in the upbuilding of both the city and county. Inheriting lands that today are worth a vast amount, yet he continued a worker, active in business affairs, generous to a fault, ready at all times to help a friend or an enterprise that would benefit the city and other men, he was known to all. His record in the war of the rebellion was one to be proud of. In the days of his prosperity no needy one appealed to him in vain. Judge Orear lived his life in this country—a moral, clean life. He had many friends and when financial troubles and ill-health overtook him in his old age he retained the respect and friendship of all. Yet he was a man of decided convictions, in politics, in religion, in all phases of life, conceding that others who differed with him were honest in their views. Judge Thomas B. Orear was a man who has left an impress of good by his life in Morgan county.

GIVE LOWDEN YOUR SUPPORT NEXT TUESDAY

It was the intention of the Lowden campaign committee to have a mass meeting in Jacksonville tonight to impress upon people some of the general facts about the governor's administration and the splendid possibility there is of choosing the Illinois executive as Republican nominee for the presidency. Here in this state, where the governor's record is a matter of such common knowledge, it may seem superfluous to dwell upon the many good points in his administration and to talk of his fitness for the high office to which he now aspires. But there is a danger of the people of the state failing to take part in a large way in the election next Tuesday.

It will mean a great deal to Gov. Lowden and his candidacy to have a large vote in that election. It should be told to the whole U. S. that the people of Illinois, no matter how high their regard may be for some other candidate, that first of all they believe in Governor Lowden and want him given national recognition. In asking the people of Illinois for their endorsement at the primaries Gov. Lowden has stated very definitely that he has no attack to make upon any other candidate, has no questioning of methods used against him in some other states. The governor is "in the house of his friends." He is very willing to leave his cause in the people's hands. If they will look over the facts of his administration, if they believe in his sincerity and in his ability to fill the office of president if elected, he earnestly hopes not only for their good wishes but for their active support at the primary election. The date is Tuesday, April 13.

Rippling Rhymes
By Walt Mason

The Young Ones.
The children of these wasteful times have no respect for modest dimes. It's not their fault; they see their dads like drunken sailors blow the seeds; they're taught by every spendthrift dub that money grows on trees and shrub. They hear no parent wise uplift his voice to preach the creed of thrift. And when they've grown to man's estate, and find it their's to pay the freight, the habits they have learned today will make them prematurely gray.

Ere long these booming times must pass, and men must scratch to gain the brass; and youths who've learned to blow it in, but not to store it in a bin, will have a handicap so tall that it will force them to the wall. Do parents ever pause and think, as they blow in the shining chink, for turfdolows and costly lids, how they are bringing up the kids? Or don't they care a holy whoop if kids of theirs should reach the soup? Oh, let's get back to frugal ways, and save against the rainy days.

INTER-CHURCH FACTS
TOLD IN ADDRESS

R. H. Markham of Survey Department Explained Aims and Purposes of Great Movement—Stereoscopic Slides Pictured World Next.

To explain the aims and purposes of the Interchurch World movement which will launch a national financial campaign beginning April 26 and ending May 2, to the business men and church people of Jacksonville, a team of especially trained speakers conducted a series of highly interesting meetings in this city yesterday, culminating in a rally at State Street Presbyterian church last night.

At this gathering as well as a that of women held in the Grace M. E. church during the afternoon, the speakers told the responsibility for world reconstruction and evangelism squarely up to the business men, the wives and the pastors of America. Illinois and Jacksonville, the speaker declared will have their full share in the drive and the world wide work that must be done if the world is to be made truly safe for democracy and a decent place in which to live.

Mr. R. H. Markham, director of the Near East survey department, of the Interchurch movement, delivered a lecture at the evening service which was illustrated by stereoscopic slides showing the almost unbelievable needs of the world today. The slides and his statements were based on actual facts disclosed by the world survey of the Interchurch Movement.

Inside the Sunday School.

In our own United States, 1920 years after the coming of Christ, he showed that there are 27,000,000 young people under the age of 25 who are being brought up as religious illiterates—not connected with any Sunday school, parochial school nor any institution including religious instruction in its curriculum.

The speaker demonstrated beyond the shadow of a doubt that there are vast areas in the U. S. peopled by a large numbers, without the services of a church, Sunday school or even a traveling pastor. Other areas have more churches than they can support, with the result that the congregations are poor and the churches unable to do their work adequately. He showed how the present trend toward radicalism received its start in the communities of migrant workers, such as lumberjacks, berry pickers, harvesters and others who have no permanent place of abode, the very sections that do not have the service of religious organizations. Conditions in the foreign field are equally bad and the speaker declared that these things must be regarded as of as much importance to the business men and women of America as the pastors and the missionaries.

"When I leave my community," he asserted, "prosperity goes with it. You business men and ladies must do your share. God and the world are looking to America to bring about Christian reconstruction and international peace in its truest form before we are again plunged into the abyss of war."

To Cut Wastes.
"This is the message of the Interchurch World movement," he said, continuing. "What is the Interchurch World Movement? It is an organization of 32 Christian denominations, co-operating for the sake of economy, speed and efficiency. It is a movement of the churches, by the churches and for the churches. It consists of the churches; it is governed and controlled by them and is designed to promote their work."

"Every denomination that participates in the movement retains absolute autonomy, it exercises control over its own denomination."

make them prematurely gray. Ere long these booming times must pass, and men must scratch to gain the brass; and youths who've learned to blow it in, but not to store it in a bin, will have a handicap so tall that it will force them to the wall. Do parents ever pause and think, as they blow in the shining chink, for turfdolows and costly lids, how they are bringing up the kids? Or don't they care a holy whoop if kids of theirs should reach the soup? Oh, let's get back to frugal ways, and save against the rainy days.

tional policy. All the participating denominations, acting together thru their representatives on the general committee, control the policies of the Interchurch movement. The movement in fact, presents an alliance of churches which have come together because they can do more effective work in common, a great many things that all of them have been in the habit of doing separately.

"The first task of the Interchurch World movement was the organization of world wide surveys. These survey departments are to the Christian army of world conquest what the intelligence service was to the allied armies."

"We accept Alaska, Hawaii, the West Indies and continental U. S. an essential foreign mission field sure of this home base or we cannot project a world wide campaign. There are 336,000 Indians in the U. S. Sixty per cent of them are unevangelized. In 1918 our evangelical organizations spent \$1.01 for each person of the total population in giving them religious and educational advantages. But Indian wars cost this government \$1,105,219,372."

"Mormon territory constitutes an essentially foreign mission field at home. Non-Christian in its doctrines, the Mormon church is actively hostile to all other denominations. But it is expanding. In addition to the Mormon temple at Salt Lake City, temples are now holding services in Canada, Hawaii and even New York City."

"Our great west is rapidly being peopled by homesteaders. Over 40,000 homesteads were distributed in 1917. New homesteads mean new towns, and new towns mean new churches. Meeting this problem is a big task. At the present time one pastor located in a certain county of 17,000 square miles with a widely distributed population, is making strenuous effort to serve almost the entire community. This represents another vitally essential home mission task. The church must reach these people. It must carry the gospel to them."

Mr. Markham told in detail of scores of other equally important problems the church must meet in our own U. S.; such as the 350,000 men engaged in lumbering; in industrial communities, the fishing villages, vacation resort towns and similar places that are without any church or any religious instruction. He pointed out that many pastors had been forced to devote part of their time to other pursuits than church work in order to make enough money to live, the churches being too poor to pay adequate salaries. These are only a few of the uses he enumerated to which part of the money to be collected will be devoted.

Of the foreign field he had the following to say, "The needs of the foreign field, which includes the whole world aside from the sections enumerated above, are staggering. One half of the human race is without a knowledge of medicine, surgery, hygiene or sanitation. Thruout the Orient, the Near East and Africa there is need for hospitals and doctors. The demand for schools is equally important. India, for instance, has a population of 315,000,000 people, of which 95 per cent are illiterate."

"In China government estimates indicate that there are 72,000,000 children of school age. The total number of children in all schools, government as well as mission, is about 4,000,000. This means that 68,000,000 children are not in any schools at all. Yet China is trying to establish a democracy."

Never Heard of Christ.
"Nearly a billion people have never heard of Christ—almost two-thirds of the population of the globe. While so many people are without a knowledge of the gospel, it is also true that no people have been found who do not respond to the message of God's love."

"The need in Mexico, South America and other parts of the world is also pressing. The situation that confronts the churches and the world as a whole, as a result of the war, is almost unbelievable."

items which have been approved by the denominations which are co-operating with the interchurch movement. The actual amount to be raised for the present year is \$175,446,339. This is a large sum of money but when divided by 14,597,138, the number of members in the interchurch movement in March, 1920, the annual per capita is but \$12.01."

Ralph Hall, another member of the team, delivered a stirring appeal for co-operation on the part of all church men. He too pointed out the dire need of religious influence thruout the world if we are to be saved. The present era of unrest, he declared, is but a forerunner of what will come unless the world is brought to a realization of the facts that face it.

FRANKLIN HAS SMALLPOX CASES

Two Cases Discovered in Village—Many People Have Been Exposed—Cases Placed Under Quarantine.

Franklin, April 7.—Franklin residents tonight are apprehensive of an epidemic of smallpox as result of two cases of the disease discovered here today.

The afflicted ones are Miss Blanche Harney and Henry Matlock. Both have come in contact with a large number of people in the past few days but are now in quarantine.

Mr. Matlock is the proprietor of a restaurant and was still on duty in his place of business today when visited by an officer from the state board of health. Both cases are of a mild nature and Miss Harney has not been ill at any time, tho it is thought she has had the disease since the latter part of last week.

The Matlock restaurant has been closed until fumigating can be done. At a special meeting of the village board held this evening it was decided not to close the schools unless other cases develop. However, all of the pupils will be vaccinated.

Local physicians are of the opinion that there have been a number of similar cases of smallpox in the community in recent weeks. They believe that they have seen such a mild form that the victims have not felt ill and have continued about their duties and thus have exposed others to the disease.

The Lowden meeting announced for the court house tonight with an address by Adjutant Gen. Dickson has been postponed because of the inability of the speaker to be present tonight.

HARD AUTO LUCK

A well known gentleman residing on the Denby road, a thoroughfare running east and west between the mound and Liberty church roads, started out with his car Sunday morning but soon stuck in a snow drift where he left his car and walked back home. Next day the car was completely covered with snow and had to be dug out but it was so badly stuck that the owner reported yesterday not to have gotten it out yet and much of the road too along that way was said yesterday to be yet impassable.

BAD ROADS

The roads thruout the county are generally reported bad, snow and rain have made them anything but pleasant though some exposed places are rapidly drying up. The gentle horse is coming much into his own however and some men even had to come to town horseback, the highways being too bad for any sort of vehicles while others that did get in were plastered with mud.

150 POUNDS OF CALF MEAL OR GALLONS OF MILK?

THE fact that many thousands of America's farmers raise all their calves on Blatchford's Calf Meal—and have been raising them on it for years—PROVES CONCLUSIVELY that calves THRIVE on it.

Blatchford's Calf Meal

Every pound of Blatchford's Calf Meal makes one gallon of rich milk-substitute. With milk selling per gallon for about four times the cost of Blatchford's Calf Meal per pound, a wise and economical thing to do is to raise your calves on Blatchford's.

WHY NOT test the "Blatchford Way" this spring? Try it on one calf only. If you prefer—but at least MAKE THE TEST. You are certain to be entirely satisfied with the way your calf will grow and develop—and the money you will save will open your eyes to the fact that the "Blatchford Way" is the sensible way, the economical way, the right way.

Sold in 4-lb. cartons, 25 and 50-lb. bags. Manufactured by the makers of the world-famous Blatchford's Calf Meal—Blatchford Calf Meal Company, Waukegan, Ill.

It's Cheaper to Prevent Accidents

One accident may cost you more than ten Kobz Signals. Some only mean a bent fender but others result more seriously. In any case there is delay and annoyance. Protect yourself. The Kobz Signal is so easy to operate it soon becomes an instinctive part of driving. There are no push buttons to confuse you. The lever on the control box moves the way you want to go—to the right when you turn to the right—to the left when you turn to the left—down for "stop." As the lever must always pass through "neutral" before putting up another signal, the last one, if up, is automatically dropped. It is impossible to show two signals at one time. Kobz Signals are operating day and night on cars of every make, winter and summer. With ordinary care they will outlast the life of the car.

TOWNSHIP ELECTION IN WHITE HALL

Not Much Interest Shown in Race for Offices—John W. Trunnels Again Elected Assessor—Other News Items from Greene County.

White Hall, April 7.—There was no great interest in the township election on Tuesday, the contests failing to supersede the extraordinary weather conditions in drawing attention, and yet there were interesting developments. John W. Trunnels, who is serving his 22nd consecutive year as assessor, was re-elected for two years more, defeating Frank E. Campbell by 216 votes out of a total of 900 votes. John H. Conrod was elected town clerk over the present incumbent, Hiram W. Greer, and John W. Wood was elected highway commissioner over Joseph N. Schier. Mrs. Posie B. Fry and Mrs. C. E. Stetson were elected members of the library board.

The performances at the Princess theatre tonight will be for the benefit of the local post of the American Legion in meeting the expense of equipping the new post quarters in the Fisher building. Next Sunday afternoon appropriate services will be held in presenting to the nearest of kin of deceased world war veterans the tokens of the French government, this service having been postponed since Washington's birthday on account of unfavorable weather.

A joint meeting of the telegraphers of the C. B. & Q. and the C. & A. railroads is to be held in the K. of P. hall tonight commencing at 7 o'clock, and a large attendance is anticipated.

Mrs. Eimer Keller died in Our Saviors hospital in Jacksonville at 9 o'clock Tuesday evening, she having been taken there a few days ago to undergo an operation. The family resides on the W. F. Bradshaw farm, about six miles east of White Hall. She is survived by the husband and three small children. Her age was about thirty years.

Mrs. Virgil Bowen was taken to Jacksonville Tuesday to undergo hospital treatment for appendicitis. The effect of the weather the first of the week on fruit is still a subject that is dividing opinion, and it will require several days of warm weather to determine the exact situation. Most if not all fruit trees show green buds as though they are alive, but there is still a possibility of injury that will cause the fruit to fall later, before it is matured. Pears and apricots are dead, but there is a chance for other fruit if the outcome does not cause too much fall. Early apples are causing the greatest concern in the large apple-growing region of this section. The temperature went down to 28 degrees Tuesday night and ice formed, contributing still further to a doubtful fruit outcome.

OUR JOB—WHAT CAUSES YOUR RHEUMATISM
When You Will Be Able to Treat It intelligently.

The medical profession has not fully determined all of the causes of rheumatism, though they are pretty well agreed on two points.

The first is, that the disease is more than a mere local trouble, at the pangs of pain come from a source that is far below the surface, and therefore it is not reasonable to expect any rational relief from a treatment that is local, applied and reaches only the surface.

When you realize the logic of this conclusion, you will see that you are really wasting your time and money if you are expecting permanent relief from the use of liniments, ointments, and other local remedies. The surface can be treated, but the cause must be reached.

Any disease should be treated at its source, and especially one that is so much suffering as Rheumatism. The only treatment worth anything is one that will show progress toward getting at the source of the trouble, and freeing the system of its shackles.

On this point the medical profession has agreed upon, is that some forms of Rheumatism

are caused by a tiny disease germ in the blood, which multiplies by the million, and until these germs are routed from the blood, you can see how futile local treatment will be. In fact you can use liniments by the gallon and never hope to reach the cause of your trouble.

So many people have found real permanent relief from their Rheumatism by the use of S. S. S., that its use is justified in practically every case. Certainly if your Rheumatism is due to a germ in the blood, as so many thousands of cases are, you should lose no time in beginning the use of S. S. S., because you can rely upon this blood remedy to do you more good than any other treatment.

S. S. S. is beneficial in Rheumatism because it is such a thorough blood medicine. It cleanses the blood of all impurities, and radiates the germs which cause Rheumatism. The wonderful results it has accomplished in other cases is proof of its great merit. S. S. S. has been on the market for more than fifty years and is sold by all druggists.

You are invited to write our medical department for full information and advice about the treatment of your own case for which no charge is made. Address: Chief Medical Adviser, H. Swift Laboratory, Atlanta, Georgia.

FRENCH PREMIER EXPLAINS POLICY TOWARD GERMANY

(Continued from Page One)
decision of August 9, 1919, had penetrated the Ruhr, and asked in the name of the German government that the formal authorization necessary to that effect be given to the German government after the act had been accomplished.

The same day at Berlin, the German government stated it had given entire freedom of action to Commissioner Severing, concerning the use of troops in the Ruhr valley and assumed the responsibility for their activity in the neutral zone.

The French government immediately informed its allies of this communication confirmed by its own information calling attention to the fact that the German government was violating Article 44 of the treaty—a violation constituting a casus belli and expressing the hope that the allied governments would recognize the necessity of immediate action and would lend assistance to France for the execution of military measures which could not be deferred.

It was not the first time the French government had warned its allies of that necessity. As early as March 23 the French government brought the proposition of occupation of Frankfurt and other cities before the council in London, which expressed the opinion that the moment was not ripe.

"The German government addressing itself directly to the French government to obtain authorization to send troops to the Ruhr valley, the French government had no reason to authorize such infraction of the treaty. Facts demonstrate that the initiative in that operation must be attributed to the German military party. It was Kapp's government which took the initiative.

"France was thus faced with a measure which in the unanimous opinion of the allies could not be executed without previous authorization which was not justified by the circumstances and which the German government had taken a formal engagement toward France never to attempt without its authorization.

"The measure took an especially serious aspect owing to the fact that the allies had been unable to obtain, despite their insistence, execution of the clauses of the treaty relative to German disarmament.

"The French government thus acted in the general interest as well as in the interest of France. It was necessary that it should take in accordance with the treaty of Versailles, a measure indispensable to its own security.

"The French government's attitude is justified by the action of the German government. It does not modify, however, its disposition toward Germany with which it hopes to enter into commercial relations on a basis of economic co-operation, from which the European situation can only benefit.

"France, in taking measures for the occupation was not inspired by hostile thoughts toward Germany and reiterated the assurance that it wishes to renew with Germany as soon as possible normal relations on a basis of economic agreement."

STRIKE OF CHICAGO RAIL WORKERS IS SPREADING FAST

(Continued from Page 1)
Milwaukee & St. Paul railroad delivered an ultimatum to the strikers notifying them that unless they returned to work by Thursday their places would be filled.

One of today's developments was the formation of a new "outlaw" organization the National Enginemen's association by striking members of the Brotherhood of Engineers and Brotherhood of Firemen and enginemen.

Announcement was made by the striking engineers and the Chicago yardmen's association which engineered a strike of switchmen, that branches of the two new unions would be formed throughout the country and that strikers would be called out elsewhere in sympathy with the Chicago movement.

Grand lodge officers of all the established brotherhoods arrived today for conferences with their road chairman.

W. J. Frost, vice-president of the switchmen's union held out small hope of the men returning to work.

"The situation looks bad. Our most conservative men have gone out and we don't seem able to hold them," he said. "We hope by tomorrow that they will listen to reason, but I doubt it."

Strike leaders expressed confidence today as reports were received of walkouts at Buffalo and Chicago, and of plans to organize branches of the yardmen's association in St. Louis, East St. Louis, Milwaukee and other railroad centers.

"We have more than 10,000 men in the Chicago yardmen's association," Charles Riley, assistant to President John Grunau, said. "Switchmen and yardmen all over the country are forming associations similar to the Chicago organization to enforce their demands."

Riley said the brotherhoods would not be able to bring in enough men from the outside to break the strike.

"Five dollars a day is the minimum which will support a man and his family," the strikers said in a statement today.

Demands they made to the general managers' association were: Conductors \$1 an hour, present scale 66 2-3 cents. Switchmen 95 cents an hour, present scale 62 1-2 cents. Switch tenders \$5 a day, present wage 50 cents an hour. From 25,000 to 30,000 workers at the stock yards were idle today. Receipts of cattle, hogs and sheep were small.

The MOLINE Tractor Is Universal

6 Indispensable Results 6

No duplication by horses
A large saving in labor
Great ease of operation
Can back and turn short
Better and faster work
Power used as horses are used

Because Does all field work, including cultivating, harvesting and belt work. One man completely operates both tractor and all implements.

Because A single seat in the center of all controls of tractor and implement.

Because A single unit of operation—tractor and implements form but one unit. Operator sees all his work—"Fore-sight is better than hind sight."

Because Tractive power in front of the work with operator behind the work.

Utility Is Not Sacrificed for Price

The principle of doing all field operations with one man sitting where he can watch his work is correct, or farming has always been done backward, and the operator would always have ridden or led his horses instead of driving them.

The Moline Universal Tractor places the power of nine big horses where the horses stood—is driven just like the horses are driven, from the seat of the implement, and hitched up to the implements just as horses are hitched.

If desired you can use the "drag behind" or horse drawn implements you now have with the Moline Universal Tractor, the same as with other types of tractors. Don't delay. Buy now.

WANDERER DIES AT PASSAVANT HOSPITAL

Man Giving Name of Walter LaBell Died Wednesday Night—Applied at Police Station For Shelter Saturday Night.

Walter LaBell died at Passavant hospital at 8 o'clock Wednesday night after a few days illness.

LaBell applied to Night Desk Sergeant Trahey at the police station Saturday for shelter. He told the officer he was ill and Dr. Weirich was summoned.

He was given medical attention but Sunday being in much worse condition Chief Kiloran had him removed to Passavant hospital. He gradually grew weaker, however, and death finally came at the hour indicated.

The man gave his age to the hospital authorities as 37 and said he followed the occupation of cook and had at one time lived in Moline. He told Sergeant Trahey that his home was at Ramsey, Ill.

The nurses at the hospital said last night that his memory seemed to be bad. They also said he was rather reticent about his past life.

The remains were removed to the Reynolds Mortuary and prepared for burial. It is probable that an effort will be made to locate his relatives before any plans are made for the funeral.

LOWDEN MEETING HAS BEEN POSTPONED

Adj. Gen. Dickson Compelled to Cancel Speaking Engagement Here Tonight.

A message received last night by Mrs. Lillian I. Danskin stated that it would be necessary to cancel the engagement of Adjutant General Dickson in this city tonight. A business matter connected with his office made it necessary for Adjutant General Dickson to leave unexpectedly for northern Illinois. It was not possible at the late hour for the Lowden committee to arrange for the coming of another speaker and the engagement for tonight has therefore been cancelled.

Those who have heard General Dickson speak know that he would have had a real message to give to his Jacksonville audience. It is therefore a matter of great regret that he found it necessary to cancel the engagement.

Matrimonial

Sample-Jack.

Charles C. Sample of this city and Miss Anna Jack of Kankakee were united in marriage Monday in Springfield. They came to Jacksonville Tuesday afternoon and are at present visiting the groom's parents, Mr. and Mrs. John T. Sample, 221 Caldwell street.

Mr. Sample is a traveling salesman and has been for some time with the John Deere company.

Mrs. Sample is the daughter of Mr. and Mrs. James Jack of Kankakee.

Schumaker-Wiegand.

The marriage of Miss Anna Wiegand of this city and H. Herbert Schumaker of Chapin was solemnized at 1:30 o'clock Wednesday afternoon at the parsonage of Salem Lutheran church, Rev. J. G. Kuppler officiating. The young people were attended by Miss Anna Luken of Jacksonville and Andrew Detmer of Chapin.

The bride, who is a daughter of Mr. and Mrs. George Wiegand of 215 Hardin avenue, has been a resident of this city all of her life. She is a young woman of charming personality and has won a host of friends in this city and community.

Mrs. Schumaker has for some time been a teacher in the Salem Lutheran Sunday school and has taken an active part in various church departments, serving for some years as a member of the choir.

The groom is a son of Mr. and Mrs. Gottlieb Schumaker of the Chapin community. He has for some years been engaged in farming, in which he has been very successful. He belongs to one of the county's well known families and is a young man of excellent character.

Following a brief trip to the north Mr. and Mrs. Schumaker will be at home on a farm north-west of Chapin, where they will begin wedded life under most happy circumstances.

Cincis-Manz.

Enrico Cincis and Miss Rose Manz were united in marriage at the Church of Our Savior at 8 o'clock Wednesday morning. They were attended by Steve Suryk and Miss Laura Manz.

The bride wore a handsome gown of embroidered lace and white satin, with bridal veil adorned with rose buds and carried a bouquet of pink roses.

The bridesmaid was attired in a gown of iridescent chiffon over light blue silk messaline with poke bonnet to match. She carried a bouquet of pink roses.

Following the ceremony the wedding party went to the home of the bride's parents, where a wedding breakfast was served. The Manz home was tastefully decorated with ferns and lilies.

The bride is the eldest daughter of Mr. and Mrs. Edward J. Manz and is a young woman whose charm of manner has won for her a wide circle of friends. She is a graduate of the Jacksonville high school and Brown's Business college.

The groom is the son of Mr. and Mrs. Cesidio Cincis of Rome, Italy. For a number of years he has been a resident of this city and is highly regarded by all who know him.

The couple left Wednesday afternoon for a stay of several weeks in Chicago, Milwaukee and other northern points. Upon their return they will be at home in a home on East College street already prepared by the groom.

URGE CHURCH MEMBERS TO ATTEND SERVICE As ministers we urge the members and friends of our respective churches to attend the sessions of the Inter-Church World Movement Conference to be held in the State Street Presbyterian church, Thursday, April 8th, 1920. The first session will be held at ten o'clock; the second at two; the third at 7:30. These services are most important and of unusual interest to every Christian. Notable addresses will be delivered by men who represent the Inter-church Movement.

In the evening at 7:30 an illustrated lecture will be given. This is an unusual opportunity to become acquainted with world conditions. Many of these slides are colored and portray conditions among all the races of mankind in all portions of the world. Do not miss the service at 7:30.

Because of the character of the program, the ability of the speakers and the inspirational value of the co-operative effort we earnestly request the members and friends of our churches to attend these conferences, especially the service this evening at 7:30.

FRANK H. CALLAWAY WEDS MISS FUNK

Well Known Chapin Couple Married by Rev. M. L. Pontius—Will Reside Near White Hall.

Frank H. Callaway and Miss Ruth Funk both of Chapin were united in marriage at 4 o'clock Tuesday by the Rev. Myron L. Pontius, pastor of Central Christian church at the church parsonage. They were attended by Miss Nellie Callaway, a sister of the groom.

The bride is the daughter of Mr. and Mrs. J. N. Funk of Chapin. She is a young woman possessed of many fine qualities and is held in high regard in her home community. She has always been active in the church and social life of the community in which she lived and taught one of the largest Sunday school classes in the Chapin Christian church for the past six years. She will be greatly missed when she goes to her new home.

The groom is the son of Mr. and Mrs. L. H. Callaway of Chapin. For the past eight years with the exception of army service he has been teaching in the public schools of South Dakota. Recently he returned to Illinois and has been with his parents at the family home.

During the world war he enlisted and was stationed at Camp Beauregard, La., where he was attached to the provost guard. He achieved an excellent record in the army and received his honorable discharge after the signing of the armistice.

Mr. and Mrs. Callaway will begin housekeeping at once on a farm south of White Hall where the groom already has a home prepared for his bride.

Their many friends will unite in wishing them a long and prosperous married life.

AUTO LICENSE TAGS ARE DELAYED

Owing to delay in the shipment of automobile license plates from the factory in Chicago as a result of the switchmen's strike it will be necessary to delay filling applications received in the office of the secretary of state at Springfield.

In order that this unavoidable delay may work no hardship on owners of automobiles Secretary of State Louis L. Emmerson has made arrangements to issue a receipt to applicants writing to the Automobile Department for same.

MR. SULLIVAN BUYS RESIDENCE PROPERTY

W. E. Sullivan, president of the El Bridge Co., has purchased from Fred J. Kumble the residence at 603 West College street. The property is now under lease to R. C. Singley and Mr. Sullivan will occupy his new home as soon as Mr. Singley can give possession.

Deaths

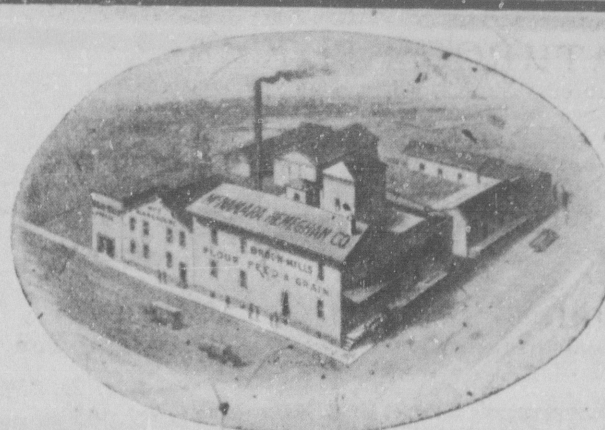

Valentine.

Andrew Valentine died at his home 1134 Lincoln avenue at 6:25 o'clock Wednesday morning. Deceased was born in the state of Virginia. He was united in marriage in 1915 to Mrs. Josephine Butler who survives. Mr. Valentine was a member of Mt. Emory Baptist church. Funeral services will be held from the church Friday afternoon at 2:30 o'clock in charge of the Rev. E. A. Crockett. Burial will be in Diamond Grove cemetery.

THE LAKE FAMILY MOVES

A few years ago William Lake, residing northwest of the city, passed away and Charles, a son, 343 West Lafayette avenue, of this city, went out to help his mother manage the farm and attend to matters and he has been occupied there ever since. Now he has finished and returned to his home in this city and his mother and sister, Mary, will also come to town and live on West Court street near the court house while Raymond Surritt will rent the farm.

W. R. C. WILL HOLD APRON PARTY TODAY Members of the Woman's Relief Corps will hold an apron party this afternoon at the home of Mrs. J. C. Weber, 320 West Court street. Members of Matt Starr post are invited. An interesting program has been prepared.

LEXINGTON

Buy a Really and Truly Good Car and You Will Never Drive Anything But a Lexington Again.

With the Moore multiple exhaust and Lexi-gasifier you get more power and speed than with the ordinary system. Also more miles to the gallon of gas with low grade fuel than is possible with high grade fuel with the ordinary system. Every particle of gas enters the cylinder dry. No thinning of lubrication oil by unburnt particles of gas. Also TWO-WAY LAMPS which makes dimming of lights unnecessary when meeting another car. In fact there are so many good features on the Lexington that you must see and ride in it to fully appreciate it.

The Roadster, Too, Has All the Noted Essex Qualities

Speed—Power—Endurance—Economy—Utility.
It is an Ideal Car for Business as well as Pleasure

The wide business uses for which the Essex Roadster is adapted are instantly apparent.

Its utilities are many. But note no evidence of them is revealed when the Roadster is used as a pleasure car. Every line is smart, trim and graceful. It takes but a moment to make the change.

A World Endurance Record Proves Essex Dependability

A large class of its buyers are business men. They choose it for utility and dependable transportation. It becomes, in fact, a part of their business system. It must be on the job, keep all engagements on time, and be as responsible as an engineer's watch.

These same qualities, with its rare good looks, make the Roadster unsurpassed as a smart car for pleasure.

Economy, durability and train-like regularity are

the standards set by Essex. These things have been shown in the hands of more than 25,000 owners.

It was more dramatically proved on the Cincinnati speedway, when an Essex stock chassis set the world's long distance endurance record of 3,037 miles in 50 hours. The same car, at three separate tests, traveled 5,870 miles at an average speed above a mile a minute. Another stock Essex set the world's 24-hour road mark of 1,061 miles over snow-covered Iowa roads.

It is specially suited for salesmen, inspectors, and others who must cover wide territory, quickly and frequently. Though not large, the Essex is commodious. There is plenty of room for passengers, and special arrangements for carrying sample cases, unseen, and even a trunk if desired.

Come see the Essex Roadster. Ride in it. Try its paces. Whether you want it for business or pleasure, you will appreciate why Essex in its first year set a new world's sales record.

Daily Market Report

BUSINESS ON STOCK EXCHANGE HEAVY

(By The Associated Press)

NEW YORK, April 7.—Business on the stock exchange today was attended by an unexpected demonstration of strength, exceeding any similar movement in several weeks.

Accelerating factors included the ease of demand loans, call money continuing to rule at six per cent encouraging commercial and industrial advances and additional stock dividend declarations. Chief among the latter were the 33-1/3 disbursement of the Studebaker corporation and the 100 per cent stock dividend of International Motor.

Studebaker was in the foreground throughout today's dealings at an extreme gain of 13 1/2 points to 124 1/2, retaining all but a point at the end. International Motor rose to the new high of 170, an advance of 14 points.

Motor specialties were led by Stromberg Carburator at an advance of 13 1/2, kindred issues rising 2 to 5 and oils of high and low degree were two to six points higher with leathers, shippings, textiles, tobaccos and food shares. Steels and affiliated equipments led the list, principal features including Vanadium, Bethlehem, Crucible, Republic and Lackawanna Steels, Baldwin Locomotive and American Car.

United States Steel's extreme gain of 1 1/2 was largely forfeited in the final profit-taking. Sales amounted to 1,700,000 shares.

Foreign exchange was again reactionary, the London rate falling back with heaviness in Paris bills and acute weakness for the lire at the new low of 22 to the dollar.

The tendency in the bond market was lower for domestic issues, including Liberty bonds and victory notes, but several of the international group hardened. Sales (par value) aggregated \$15,350,000.

CORN SHOWS MORE STRENGTH

(By The Associated Press)

CHICAGO, April 7.—Considerable strength developed in the corn market today chiefly owing to the spread of the railway strike. Prices closed nervous 1 1/2c to 2c not higher, with May \$1.64 1/2 to \$1.64 3/4 and July \$1.58 1/2 to \$1.58 3/4. Oats gained 1/4c to 1 1/2c. In provisions, there was a net decline of 5c to 15c. Corn trading was active and prices fluctuated rapidly. At first, the principal feature was a lack of selling pressure, and shorts soon became apprehensive regarding the strike situation, especially the increase of the number of men who had quit work and also the decided curtailment in the receipts of corn here. Fears were expressed that much grain intended for Chicago would be diverted to other centers. Advances that Iowa and Western Illinois were getting an increased number of cars resulted at one time in a material setback.

Toward the last however the market swung upward again, with bulls giving emphasis to reports of liberal European buying of wheat and rye at about the highest prices yet this season.

Oats were firmer in sympathy with corn and as a result of delays to seeding.

Virtual suspension of slaughtering at the stock yards here had a depressing effect on the provision market.

Y. M. C. A. ABOUT
TO BUY PROPERTY

Organization May Exert Option for Purchase of Buildings and Lots Next West of Grace Church.

While the deal has not been consummated, it is said to be the intention of the directors of the Y. M. C. A. to purchase the property immediately adjoining Grace church on the west. A 60 foot lot which is the site of the open air school is owned by Herman Weber. There are two residences on the west half of the property which it is proposed to purchase, one of them fronting on State street and the other on Morgan street. They are owned by Miss Alice Dear.

The State street residence was for many years the W. B. Johnson homestead and it is now occupied by Dr. Purvines and family. The Morgan street property is under lease to Mrs. Alice Cummings. While the Y. M. C. A. directors have not made public their plans, it was announced when they took an option on the property that they purposed to use the State street house as general headquarters until a larger building is erected.

It is a substantial brick house and the rooms are spacious enough to make possible carrying on of much of the general work of the association. There will be adequate office branches and sufficient space for reading and game rooms. Altogether the directors feel that the facilities there afforded will make it possible to continue Y. M. C. A. work in an effective way in the interim between the present and the time when adequate quarters are secured.

It is also said to be the plan to engage in what might be called Y. M. C. A. extension work—that is, in various branches of work not housed in the building.

As already indicated the purchase of this property has not been made and no authorized statement of the board's intention has been given. However, there has been some discussion of the general plans and it is known that the option on the properties will expire in the course of another week.

ROTARIANS WILL GO
TO BLOOMINGTON

Jacksonville to be Well Represented at District Conference Today.

A number of the members of the Jacksonville Rotary club will leave this morning for Bloomington to attend the eighth district conference. The Jacksonville men will start at 6:10 a. m. A few of them will return on the train which reaches Jacksonville at 7 p. m., while others will take the Alton to Roadhouse via Springfield and reach home on the 2:32 morning train Friday. If the plans the Bloomington Rotarians have arranged are carried out, the 1500 or more visitors will certainly have a busy and profitable day. In addition to the business of the general sessions there will be a number of social features and the meeting promises to be one of genuine interest.

Among the Jacksonville Rotarians who expect to be present are H. M. Capps, Walter Ayers, H. A. Perrin, E. A. Brennan, Louis Frank, Dr. A. L. Adams, J. W. Hubble, L. T. Caldwell, W. E. Sullivan, L. T. Potter, C. H. Russell, George H. Kopper, J. J. Reeve, T. V. Hopper, F. B. Mauck, C. F. Ehnle, Earl Spink, Dr. A. H. Dollard, F. J. Andrews and H. P. Samuel.

Interesting Meeting of Wednesday Class.

The Wednesday class met yesterday afternoon with Mrs. U. G. Woodman on West State street.

There was a large attendance of members, several members who have been away all winter were present. Mrs. L. W. Chambers who was a charter member was present and Mrs. F. J. Waddell who had charge of the program has just returned from California.

Mrs. Waddell's subject was "Essays". She read an essay by James Huneker on "George Sand", and an amusing essay on the "Restoration of Whiskers" by Stephen Leacock. She followed these by reading a Russian story "Yankier goes home to the village" from the Yale review.

The Wednesday class passed a resolution putting the class on record as favoring the campaign for endowment which Illinois college will put on in Morgan county next week.

The program was followed by a pleasant social hour during which the hostess served refreshments.

Celebrate Twenty-fifth Wedding Anniversary.

Mr. and Mrs. James Finch of 611 Jordan street celebrated their twenty-fifth wedding anniversary Wednesday. The guests to the number of fourteen arrived on the Wabash from the west about 8:15 a. m. The morning hours were pleasantly spent in social conversation and music.

Mrs. F. M. Roberts who had served in a like capacity 25 years ago, then seated herself at the piano and as the beautiful strains of Mendelssohn's wedding march filled the spacious parlors, the bride and groom descended the stairs, preceded by the minister, Mrs. Fannie Simpson, flower girls, Mrs. W. S. Brownlow and Mrs. F. E. Blair. Ring-bearer Mrs. Ray Pond. The bridemaids were Mrs. Mary Filson and Mrs. George Carlson. Train-bearer Mrs. W. I. Williamson.

After the ceremony and hearty congratulations had been extended, Mrs. H. C. Bridgman gave a few well chosen words and presented the happy pair a beautiful rug. A handsome piece of silver was also given, after which the bridal party preceded the guests to the dining-room, where a three-course luncheon was daintily served.

A picture was then taken of the wedding party after which the bride and groom left for a short honeymoon trip followed by the good wishes of their guests.

COMPANY ORGANIZED TO DEAL IN SECON HAND FORDS

LAST RITES HELD
FOR JUDGE OREAR

Funeral Services For Well Known Citizen Held Wednesday—Rev. M. L. Pontius Pays Beautiful Tribute.

The funeral of the late Judge T. B. Orear attracted an audience that filled Reynolds' mortuary chapel completely yesterday afternoon. Mrs. William B. Brown and daughter, Mrs. George Orear, with Willard Wesner accompanying, sweetly sang "Beautiful Isle of Somewhere", "Jesus, Lover of My Soul". Rev. T. H. Tull read suitable passages of scripture and offered a fervent prayer after which Rev. M. L. Pontius spoke. Of his remarks a short outline is given.

The real eulogy to be pronounced on a man is the record of his life and today we are gathered here quietly and reverently to pay a tribute of respect to the memory of Judge T. B. Orear whose life was principally spent in this county. Scarcely he did not live in vain but his quiet christian life was full of good works, done quietly and in an unassuming manner.

I knew him well for six years and knew him always to be interested in every good cause. He was very modest regarding his own deeds but I well remember once urging him to tell me something of his army life and he only complied after repeated requests but when once he entered on the subject his eyes flashed and his countenance brightened as he told of the different campaigns and experiences he had as a defender of his country.

I well remember too the part he took as member of the commission to place statues of Grant, McClelland and others in Vicksburg military park. Like a true soldier he loved to perpetuate the memory of his comrades in arms. He was unselfish almost to a fault and his life was given up largely to deeds of good.

When we recall the fact that he had lived eleven years more than the three score and ten allotted by the sacred writer, we should hardly mourn as those who have no hope. His life work was done. He felt the end was not far away and he knew in whom he had trusted.

Truly has it been said, "This is not our rest". We are too apt to place faith above everything else but reason has a share in our regard to the life beyond. The words of Christ contain nothing doubtful or uncertain. He tells us positively that we have a home in the other world when we have done with this. We are many times reminded that this is not our rest. Trials, pains, disappointments and sorrows weigh us heavily more or less but in the better land all is peace and joy. Christ said plainly, "I am the way, the truth and the life" and we can take His words as sure and certain.

Our deceased friend had faith and hope and as the years passed he knew this was not his rest but that he would soon enjoy it.

For a while the great poet, Tennyson was skeptical but when a friend died he thought more and reasoned more of sacred things and expressed his belief in that beautiful poem, "Crossing the Bar". And so we lay our friend to rest, while his soul goes in joy to meet his Redeemer. The beautiful G. A. R. Ritual followed.

At the close of the services the remains were borne to Diamond Grove cemetery by Comrades Samuel Barr, Ezra Scott, J. R. Taylor, Henry Stevenson, L. Goheen, John Minter, John Schaub and Frank Wigginst.

The flowers were cared for by Miss Ruth Dunn, Sarah Morton and Mrs. Hickey.

FOURTH HEBRON LECTURE

At 7:30 Friday evening, April 9, Leo Howard, lecturer. Subject, "Let Me Tell Your Fortune."

The Quality Store

Where Values Are Always Paramount

Value giving requires no demonstration at this store. That has become an established policy in our ever increasing patronage. While it is fair to assume that a fair profit must be had on every transaction—we can frankly tell you that we are selling you many lines of merchandise for less than we can replace them—and the reason is simply this: that we buy immense surplus stocks at the low market and sell them to you at the ratio we bought them irrespective of any future market.

Just now we are accumulating large quantities of Overcoats and other winter goods—for your next winter's price protection.

We prefer to promise LESS and give you more. This invites the patronage of level-headed Americans who buy with their eyes open—men and women who understand the economy of quality—folks who want the best and will pay what it is honestly worth. Men and women who have faith in the concern that asks an honest price—including an honest profit—for earnest goods.

We invite you here for value giving demonstration.

MYERS BROTHERS

SERVICE STAR LEGION

OF DECATUR
Mrs. W. E. Hartman of Decatur, state president and state organizer will be here today in two sessions.

The first will be at 2:30 in the afternoon in the Sunday school room at Grace M. E. church at which time she will conduct a class of instruction and hold an open congress relative to the S. S. Legion work what it represents etc.

Every mother, whose son was in the service, wife, sister and grandmother should make an effort to attend this meeting.

This evening at 7:30 at the David Prince auditorium she will again speak to us. At this meeting she is anxious to meet and talk to the American Legion and ex-soldiers. She will have much of interest to give us.

Preceding Mrs. Hartman's address we will be favored with a program representing some of the best talent of the city. Mr. Kritch is a favorite and has kindly consented to open our program with a violin number which will be followed by four numbers representing the Illinois Woman's college. In this we again are proud that they so graciously give us their talent and co-operation.

Mrs. Gregory and Mrs. Woltman will give us groups of songs. We feel greatly indebted to these friends for their generous services.

Mrs. Hartman will be a guest at the Colonial Inn while in the city.

WILL DISCONTINUE DELIVERY SERVICE

After Saturday of this week I will discontinue my delivery service. The high cost of maintenance is the main reason for this action. By discontinuing free delivery I will be able to give my customers the benefit of the decreased cost of operating my business which will result in lower prices. I will also have a delivery wagon and horse for sale.

A SUCCESSFUL YOUNG LADY

Miss Sadie Martin, formerly of this city and now of Springfield, was visiting friends in the city yesterday. The young lady is connected with the agency of the Equitable Life Assurance society and said that she had written more than \$100,000 of insurance within the last few weeks. That surely is a fine record and speaks well for the talents of the young lady.

THE NEW
United States Disc Separator

"With others, 60 turns won't do
What the U. S. does in forty-two."

This means that the New United States Separator is easier to operate than other separators.

Slow speed means less power is required, therefore less tiresome for the operator.

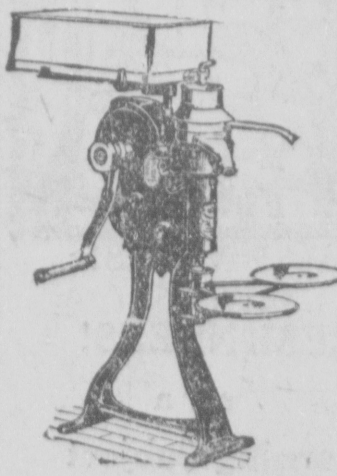

There are many important features not found in other separators, the most important being the new perfected, self-adjusting bowl, with interchangeable simple but durable discs and unsurpassed skimming qualities.

A free demonstration will convince you that the new United States Disc Separator is the best separator on the market today.
